

B-Gone Graffiti

Heavy Duty Graffiti Remover For Painted Surfaces

WHAT IS B-GONE GRAFFITI?

B-Gone is a heavy duty non chlorinated paint and graffiti remover designed to remove urethanes, epoxies, acrylic and other resistant high strength paint and coatings from masonry and metal surfaces. This product is formulated with heavy duty solvents and detergents that will quickly remove multiple layers of latex and solvent based paints and graffiti. B-Gone is great for use on porous and non-porous surfaces.

BENEFITS:

- Great for use on solvent and water based paints.
- Removes shadows left behind by other graffiti removers.
- A heavy duty formula allows for easy use and striping of graffiti and paints form multiple surfaces.
- Penetrates and emulsifies paints.
- Formulated to remove spray paints.
- Contains all natural solvents.
- Acts quickly allowing for more work in less time.

Available Packages	
0224-55	55 Gallon Plastic Drum
0224-30	30 Gallon Plastic Drum
0224-5	5 Gallon Plastic Pail
0224-4	4 Gallon Case
0224-QT	12 x 32 oz Quart Case

DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

Prepare surface by scraping off all loose and peeling paint. Apply B-Gone with sprayer. Leave on surface until paint lifts or softens. Most applications will require a setting time of 20-30 minutes. Hot, direct sunlight will cause rapid evaporation of paint removing compound.

Reapplication and periodic agitation with a stiff bristle brush will improve penetration. Rinse with high pressure water or steam. Re-apply if necessary.
