## Bleach Free **Advance** Mildew Stain Remover & Surface Brightener

### WHAT IS TRICORE ADVANCE?

Tricore Advance is a premium cleaner formulated specially for restoration and remediation professional to remove mold and mildew stains from surfaces, returning them to their original state. Through the use of stabilized and foaming peroxides, this product penetrates deep into porous and non porous surfaces, breaking down the stain on contact and bringing it to the surface.

### Benefits:

- Can be used on hard surfaces and carpet & textiles.
- Free of bleach and acids.
- Penetrates deep into substrates to remove mold & mildew.
- Brightens surfaces on contact.
- Heavy foam carries debris and contamination away.
- Product breaks down in oxygen and water, leaving behind just residue.
- Can be applied through sprayers, by hand, or through pressure machines

### Directions for use:

Always do a small test area before using to make sure product is compatible. Apply product with any manual or automated sprayer or mop, making sure surfaces are completely covered and saturated. Always make sure that any applicator is completely clean and free of contamination as peroxide is highly active and will react before using. For best results make sure surfaces stay wet for at least 10 minutes and a layer of foam should build up. Agitate area with a wire brush. For heavy buildup multiple applications maybe be required. Allow to dry. Cleaning and brightening will continue long after surfaces are dry.

**Note:** Never pour unused materials back into container as a reaction may occur. Always store containers and material in closed containers and at room temperature (45-90F). Never mix Tricore Advance with any other chemicals as compatibility may be compromised and a reaction may occur.

### TECH SPECS:

Color.....Clear  
 Fragrance.....None  
 Form.....Liquid  
 Phosphates.....None  
 Flash Point.....212°F  
 pH.....7.2-8.2  
 Specific Gravity.....1.01  
 Viscosity.....Thin  
 Foam.....High  
 Biodegradable.....100%  
 Shelf Life (in original sealed container).....1 Year

Available Packages	
1221-55	55 Gallon Plastic Drum
1221-30	30 Gallon Plastic Drum
1221-15	15 Gallon Plastic Drum
1221-5	5 Gallon Plastic Pail
