## SplitterMax

### Concentrated Low Foaming Reclaim Detergent

#### WHAT IS SPLITTER MAX?

A concentrated low foaming detergent designed specifically for use in reclamation system. A new type of product which encourages oil and grease to "split" to the top of the containment vessel after use. This product will not harm any metal products or surfaces, while cutting through tough grease and grime. Low foaming formula eliminates the need for heavy defoamers and prevents heavy build up of foam. All the benefits of a high end cleaner with the characteristics of a defoamer mixed into a single product.

#### BENEFITS:

- For use in reclaim vehicle wash systems.
- Special Non-Emulsifying formula.
- Contains detergents that allow grease and oil to split from solution.
- Prevents problematic build up of foam.
- Great for use on vehicles, transit, and heavy duty equipment.
- Deep penetrating formula that is safe to use on virtually any surface.
- Makes heavy soot and grease "sheet" off of the cleaning surface.
- 100% is biodegradable and 100% soluble.
- Use in municipal and commercial applications.
