## Non Hazardous Concrete Remover

Use: Concrete Truck & Equipment Cleaning

### What is Conform?

Conform is a specially formulated 2 phase cleaner for the removal of concrete from concrete handling equipment. Phase one starts dissolving from the surface area and phase two breaks the bonds. This revolutionary process works very effectively and efficiently while being EPA and OSHA compliant.

### Benefits:

- Revolutionary 2 phase cleaning process.
- Special economical formula.
- Dissolves and breaks bonds in one easy step.
- Converts solid concrete to mush.
- Non Hazardous, allowing for easy use and storage.
- Fits within OSHA and EPA guidelines.
- Will remove rust without attacking vehicles metals.
- Environmentally Safe & Biodegradable.

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

For best results apply to a cool dry surface with a foaming applicator. Allow the product to sit for 10-30 minutes and then rinse thoroughly from bottom to top with a high pressure rinse. Optimal performance will be achieved if product sits over night after application. For stubborn surfaces, a second application may be required.

Make sure to use proper protective clothing when applying this or any chemical.
