

# Novel Metal Safe

## Aluminum Safe Encapsulated Dish Wash Detergent

### WHAT IS METAL SAFE?

A premium aluminum safe encapsulated dish detergent designed for automatic dish washing machines. METAL SAFE has been formulated phosphate free allowing it to be used to meet all 50 states phosphate standards. This amazing powder is tough on food soils while being safe on aluminum surfaces. It has also been formulated to attack food grease and oils. This product is formulated for use in multiple water conditions.

### BENEFITS:

- Will not harm or tarnish aluminum surfaces.
- Prevents soil redeposition.
- Built for use in hard water applications.
- Designed for use in systems that require heavy duty detergents.
- Removes heavy greases and oils from dish surfaces.
- Hard water formula will inhibit scale build up in machine.
- Offers high use yields.

### DIRECTIONS FOR USE:

For institutional or commercial use.

#### DO NOT MIX WITH OTHER CHEMICALS

Before use, read product label and Material Safety Data Sheet.

Remove safety lid from container and place up side down in powder bowl.

Do not mix with anything but water.

Make sure to use proper protective clothing when applying handling this chemical.

Available Packages	
0640-32	4x8lb Container

### Tech Specs:

Color.....	White
Fragrance.....	Faint
Form.....	Powder
Phosphates.....	None
Flash Point.....	212°F
pH.....	NA
Specific Gravity.....	NA
Viscosity.....	Free Flowing
Foam.....	None
Biodegradable.....	100%
Shelf Life.....	1 Year
