

Reorder No: 1300

# RS-1

## High Foaming Rotary Shampoo

Use: Carpet & Traffic Lane Cleaning

### What is RS-1?

For deep-down cleaning of commercial carpets containing a special blend of detergents that break up oils and suspend tough soils. The combination of these intense cleaners will deliver clean, soft carpets with that like-new look your customers will love. Formulated to meet "green standards".

### Benefits:

- Environmentally formulated.
- Formulated with proper pH for safe use on most wet cleanable carpets and upholstery.
- Contains brighteners to enhance carpet appearance.
- Fast breaking formulation.
- Will suspend oils and dirt to prevent redeposition.
- Cleans and brightens all types of synthetic & natural fibers.

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

For carpet cleaning with rotary machine, dilute 1 part shampoo with 16 parts water. For dry foam equipment, dilute 1 part shampoo to 8 parts water. Feed the shampoo solution sparingly as you spread the foam over the carpet in rotary strokes overlapping each stroke. For deep pile rugs, set the pile erect with a long handled pile brush after shampooing for a more uniform appearance and quicker drying.

Vacuum the carpet when thoroughly dried.

For shampooing upholstered furniture, use same dilutions as for carpets, however pre-test in an obscure area for color fastness.

### Tech Specs:

Color.....Blue  
 Fragrance.....Fresh  
 Form.....Liquid  
 Phosphates.....None  
 FlashPoint.....212F  
 pH.....8-9  
 Specific Gravity.....1.02  
 Viscosity.....Thin  
 Foam.....High  
 Biodegradable.....100%  
 Shelf Life.....1 Year
