### Benefits:

- High performance extraction cleaner / Cleans even heavily soiled carpet effectively to save time and labor.
- Utilizes soil releasing agents / Releases soils onto bonnet
- Contains non-butyl water soluble solvents / Rapidly penetrates oil, grease and dry soils
- Not recommend for use on stain resistant carpeting.

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area. NOTE: Always pre-test fibers for colorfastness prior to use with this or any cleaning solution. Blot up as much of the stain as possible if the stain is moist with a clean white towel. Apply ample amounts of product to the stain, making sure to completely cover. Allow Bulls-eye to sit on stain until the stain is reduced or disappears.

If possible, follow up with an extraction or shampoo. This will help prevent and redeposition of loose residue. If there is any stain left, repeat process.
