

Reorder No: 1809

Defoam20

Highly Active Multi-Application Defoamer

Use: Food Service & Food Prep Areas

What is Defoam20?

A highly active water based emulsion formulated to quickly eliminate foam in virtually any liquid recovery systems, including carpet and floor cleaning, CIP cleaning, water treatment, and the food and beverage industry. This product is highly concentrated and will cover the desired reclaim tank effectively and quickly.

Benefits:

- Disperses quickly.
- Highly concentrated for economical dilutions.
- Defoams on contact.
- Can be used for boil-outs, soak tanks, and heavy cleaning applications.

Directions For Use

For institutional or commercial use.

Before use, read product label and Material Safety Data Sheet.

For reclaim systems and CIP cleaning, product should be used at 1 gallon product per 1000-5000 gallons of water being treated. Systems with an abundance of dirt, natural oils, and solids may require higher dilutions and more frequent water changes.

For industrial applications:

Usage depends on the concentration of the solids in the effluent. Use at 10 ppm by weight of solids (1 gallon DEFOAM 20 to 500 tons of solids.) If solids concentration of effluent is not known begin application at a rate of 1 gallon of DEFOAM 20 per 100,000 gallons effluent solution and adjust as needed.

For Use In USDA Facilities.
Meets USDA Guidelines
For Manufacturing & Cleaning.

Tech Specs:

Color.....White
Fragrance.....Faint
Form.....Liquid
Phosphates.....None
FlashPoint.....212F
pH.....7-8
Specific Gravity.....1.05
Viscosity.....Moderate
Foam.....None
Biodegradable.....100%
Shelf Life.....1 Year

Available Packages	
1809-275	275 Gallon Tote
1809-55	55 Gallon Plastic Drum
1809-30	30 Gallon Plastic Drum
1809-15	15 Gallon Plastic Drum
1809-5.25	2x2.5 Gallon Jugs
1809-5	5 Gallon Plastic Pail
1809-4	4 Gallon Case
