PowerBreak

Concentrated Laundry Alkali Builder

Use: Laundry Services

What is PowerBreak?

Power Break is a concentrated laundry builder that prepares fabric in the wash wheel to be washed. By raising the pH of the wash water, entrapped soils & greases begin to be released from the fibers of the fabric. Power Break is an super high pH builder that is sodium hydroxide based. Besides raising the pH of the wash water, special chelating agents condition the water to boost the detergent performance. Whether it is industrial

Tech Specs:

Color.....Clear
 Fragrance.....Faint
 Form.....Liquid
 Phosphates.....None
 FlashPoint.....212F
 pH.....14
 Specific Gravity.....1.22
 Viscosity.....Thin
 Foam.....None
 Biodegradable.....100%
