

Ultra Alk

Super High pH Alkali Builder

WHAT IS ULTA ALK?

A concentrated laundry builder that prepares fabric in the wash wheel to be washed. By raising the pH of the wash water, entrapped soils & greases begin to be released from the fibers of the fabric. Power Break is an super high pH builder that is sodium hydroxide based. Besides raising the pH of the wash water, special chelating agents condition the water to boost the detergent performance. Whether it is industrial linen or towels in a Nursing home, Power Break will deliver unparalleled performance.

BENEFITS:

- Super high pH Builder.
- Sodium Hydroxide based.
- Quickly raises the pH of the wash cycle.
- Breaks down organic greases & oils.
- Contains special chelating agents to condition the wash water.
- Corrosion inhibitors prevent equipment corroding.
- Convenient packaging.
