# NeutraSoft

## One Step Sour & Softener

Use: Laundry Services

### What is NeutraSoft?

NEUTRA SOFT is a unique combination of souring and softening agents. NEUTRA SOFT quickly neutralizes and free alkali in the final rinse cycle without any harsh acids. The softener component retards static charge, leaving fabrics soft to the touch. Also a pleasant scent is left behind that enhances the feel of all the finished goods. Highly concentrated and can be used in hotels, motels, hospitals, shirt laundries, nursing homes, etc.

### Benefits:

- Eliminates static cling and reduces wrinkling.
- Neutralizes any residual alkali from the wash cycle.
- Combines the perfect amount of softener and sour into one product.
- Ideal for all classifications.
- Leaves fabrics smelling fresh.
- Free rinsing and rapidly soluble.
- Fabrics are left residue free

### Directions For Use:

For institutional or commercial use.

DO NOT MIX WITH OTHER CHEMICALS

Before use, read product label and Material Safety Data Sheet.

This product is designed to be injected into machinery with laundry specific dispensing equipment. Do not pour this product directly onto dry fabric.

Make sure to use proper protective clothing when applying handling this chemical.

### Tech Specs:

Color.....Green
