SpinDoctor

Thermoplastic Spray Buff

Use: Floor Cleaning & Restoration

What is Spin Doctor?

A thermoplastic spray buff that effectively repairs all types of floor finishes. This water-based spray-buff has been designed to repair and restore metal interlocked, acrylic floor finishes to a beautiful high gloss shine. This versatile product can be used with conventional and high speed burnishing equipment and has been proven extremely effective against black heel marks.

Benefits:

- Restores high gloss shine to acrylic floor finishes.
- Extremely effective against black heel marks
- Economical formulation
- Available as a concentrate for those with dilution systems.

Directions For Use

Read the entire label and MSDS before using.

Floor Preparation

REMOVE loose dirt and impediments

CLEAN floor with the appropriate SYNTEC NEUTRAL CLEANER.

Let floor dry thoroughly.

Buff with an appropriate buffing pad for high and ultra-high speed equipment or a red pad for a low speed application.

SPRAY floor lightly with Spin Doctor

BUFF sprayed area with pad until floor is clean, dry, and glossy.

FLIP pad over, or change as needed.
