

Parts Wash Plus

Heavy Duty Low Foaming Parts Wash

WHAT IS Parts Wash Plus?

A powerful powdered product which encourages oil and grease to "split" to the top of the containment vessel after use. Parts Wash Plus is specially formulated to clean metal parts without the aid of hazardous solvents or other hazardous materials and when used as directed, will remove heavy grease and grime. This product been specially formulated to be low foaming for use in industrial mechanical spray wash machines.

BENEFITS:

- Low foaming for use in rotary and mechanical spray wash machines.
- Will not harm metals or painted parts, or aluminum.
- Promotes splitting of oils for enhanced clean up.
- Contains special buffering ingredients to protect metals against corrosion.
- This product is 100% biodegradable for easy disposal.
- Designed specifically for the cleaning professional.
- Also available with virtually a foam free detergent system.

DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

Soak tank: Use 1/2 to 1 pound of product per gallon of water, depending on quality of parts being cleaned.

Spray Cabinet: Use 1/4 to 1/2 pound of product per gallon of water, depending on quality of parts being cleaned.

Blow dry with compressed air.

HMIS Rating:

Health = 1

Reactivity= 0

Fire= 0

Personal= B

Available Packages	
2669-450	450lb Fiber Drum
2669-300	300lb Fiber Drum
2669-100	100lb Fiber Drum
2669-40	40lb Plastic Pail

Tech Specs:

Color.....White
 Fragrance.....Faint
 Form.....Powder
 Phosphates.....None
 Flash Point.....212F
 pH.....14
 Specific Gravity.....NA
 Viscosity.....Thin
 Foam.....Low
 Biodegradable.....100%
 Shelf Life.....1Year
