What is AlkaPlus 14?

A heavy duty caustic cleaner for use in CIP systems, and soak tanks to remove heavy build-up of proteins and other minerals. Contains special chelating and wetting agents to penetrate quickly and to prevent redeposition of loosened soils. Excellent for removing carbon and other heavy build-up from non-aluminum surfaces. Breaks down build-up and cleans beer lines. USDA applicable.

Benefits:

- Quickly emulsifies the toughest grease & oils.
- Enhanced with Sodium hydroxide.
- Designed for heavy soils.
- Free rinsing formula retards graying.

Directions For Use:

Before use, read product label and Material Safety Data Sheet.

Cover or remove all food products from area to be cleaned. Remove gross accumulation of meat particles, soil and other waste materials from surfaces and equipment.

Dilute product 1/2 oz to 4oz per gallon of water. Circulate through system until desired cleaning has been achieved. Flush system then rinse thoroughly with potable water.

For boil outs dilute 2 to 8 ounces per gallon depending on build up. Scrub with a brush if needed.

Do not use on aluminum, tin or zinc-plated surfaces. Pitting or surface deterioration may result.
