## OneShot

All Your Exterior Cleaning Needs

*changing the way people clean*

# OneShot

A Single Cleaner For Every Cleaning Application

### What is the eco wash System?

The eco wash is a revolutionary new cleaning process that uses new patented foaming technology to improve the cleaning process as well as decrease the levels of chemical required to do the same job. Each of these products have the foam building system built into them allowing for a much longer dwell time and improved effectiveness. Surfaces stay wet longer allowing the chemicals to do more work with less product. Every ingredient formulated into these products is designed to be environmentally and user safe.

### What is One Shot?

A heavy duty environmentally formulated spray cleaner for removal of grease, heavy soils, dirt, carbon soot and all stubborn soils. Works on all surfaces from painted walls to masonry, brick, ceramic tile and stainless steel. Just spray and wipe to remove all soils. For mild cleaning spray may be diluted with water. Contains no butyls, acids, caustic alkaline, petroleum hydrocarbons, phosphates, or amines. This versatile product can be applied manually or through a high pressure applicator.

### Product Benefits:

- Super concentrated formula is easy to use and dilute.
- Environmentally formulated to meet all "green" standards.
- Contains special penetrating agents for the removal of heavy soils.
- Removes grease, heavy soils, dirt, ink and all stubborn stains.
- Can handle the toughest cleaning and degreasing jobs.
- Highly versatile in usage and dilutions.
- Can be applied through sprayers, by hand, or through pressure machines.

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

### Recommended dilutions are:

Predilute super concentrate 1 gallon makes 5 gallons.

Then use this solution at:

1:5 for extra heavy duty cleaning environments

1:10-20 for heavy cleaning environments

1:20-50 for normal cleaning environments

1:50-60 for pressure washing applications

### Tech Specs:

Color.....Violet  
 Fragrance.....Faint  
 Form.....Liquid  
 Phosphates.....None  
 Flash Point.....212°F  
 pH.....10.5-11  
 Specific Gravity.....1.03  
 Viscosity.....Thin  
 Foam.....High  
 Biodegradable.....100%  
 Shelf Life (In sealed original container).....1 Year
